

EduVision_DV: Higher Education Performance Dashboard

Unified Tableau Dashboard Suite Storyboard, Layout Wireframes & Interaction Matrix

Project Scope: Higher Education Analytics (1,503 Global Universities)

Data Sources: QS World University Rankings & THE Rankings (2020–2024)

Color Palette: Dark Theme (Deep Royal Purple, Vibrant Teal, Coral, Gold)

Target Audience: University Leadership, Researchers, Policy Analysts

Workbook Deliverable: EduVision_DV.twbx (Tableau 2023+)

Interaction Engine: Global Filter Hierarchy & Dynamic Parameters

Executive Dashboard Navigation Architecture

Dashboard 1: University Overview	Dashboard 2: Research Analytics	Dashboard 3: Student Analytics	Dashboard 4: Country Comparison
• Top Global Ranking Table • 6 Primary KPI Summary Cards • Overall Score 5-Yr Trend Line • Universities by Region Donut • Publications Top 5 Bar Chart • Regional International % Map • Faculty Ratio by Region Bars	• Total Publications Distribution • Citations per Faculty vs Score • Research Impact Score Quadrant • Top 20 Research Institutions • Citations Velocity YoY Trend • Subject Area Productivity Radar	• International Student % by Region • Student-to-Faculty Ratio Dist. • Total Enrollment Comparisons • Gender Diversity (Female/Male) • Regional Student Mobility Flows • Academic Staff vs Student Growth	• Country Rankings Benchmark • Global Education Index Map • Average Overall Score by Country • High-Performing Nations Matrix • Cross-Country KPI Comparison • Regional Trajectory Benchmarks

Dashboard 1 Wireframe: University Overview

Replicates the exact master wireframe layout specified in the EduVision DV specification (Page 10).

EduVision DV Higher Education Performance Dashboard	Year: [2024 ▼] Region: [(All) ▼] Country: [(All) ▼] Subject: [(All) ▼]	Nav: [Home] [Dashboard] [About]
Navigation Sidebar: [X] Overview [] Research Analytics [] Student Analytics [] Country Comparison Filters: • Year: 2024 • Region: (All) • Country: (All) • Subject: (All) [Reset Filters]	Top 6 KPI Summary Cards: [#1 MIT Top Global Ranking] [1,503 Ranked Universities] [72.6 Avg Overall Score (+2.4)] [28.7% Intl Students (+1.8%)] [1:17.3 Faculty Ratio (+0.6)] [2.45M Publications (+6.3%)] Middle Visualizations: • Left: Top 10 Universities Global Ranking Table (Rank, University, Country, Overall Score) • Center: 5-Year Overall Score Trend Line (MIT, Cambridge, Oxford, Harvard, Stanford: 2020-2024) • Right: Universities by Region Donut (Europe 37.6%, North America 28.3%, Asia 24.8%, Oceania 6.1%, South America 3.2%) Bottom Visualizations: • Left: Publications by Top 5 Universities (Horizontal Bar: Harvard 208K, Stanford 189K, MIT 186K, Oxford 163K, Cambridge 150K) • Center: International Students % by Region Heatmap / Choropleth Map (10% - 45%) • Right: Faculty to Student Ratio by Region Bars (North America 1:21, Europe 1:18, Asia 1:16, Oceania 1:15, South America 1:13)	Interactive Elements: • Click university to cross-filter trends • Click donut slice to filter entire view to that Region • Hover tooltip shows detailed KPI radar breakdown • Reset button restores all initial states

Dashboard 2 Wireframe: Research Analytics

In-depth evaluation of publications volume, citation impact, researcher productivity, and academic reputation.

EduVision DV Research & Citation Performance Suite		Year: [2024 ▼] Subject Area: [Engineering & Technology ▼]	View: Research Analytics
KPI Banners: - Total Research Papers: 2.45M - Avg Citations/Faculty: 58.4 - Avg Citations/Paper: 4.8 - Research Impact Score: 78.2 Navigation: ☐ Overview ☒ Research Analytics ☐ Student Analytics ☐ Country Comparison	Main Analytics Panels: 1. Research Impact vs Productivity Scatter Quadrant (X: Productivity Index, Y: Impact Score) <i>High Impact, High Volume (Top Right):</i> Flagship global powerhouses (MIT, Harvard, Cambridge) <i>High Impact, Specialized (Top Left):</i> Elite niche research institutes (Caltech, Princeton) - Bubble size represents Total Citations; color denotes Region. 2. Top 20 Global Institutions by Citations Count (Lollipop Chart) - Ranks institutions by citation volume with color coding by Academic Reputation Score. 3. 5-Year Publications & Citations Growth Velocity (Dual-Axis Area Chart) - Tracks year-over-year annual publication output (bars) against cumulative citation count (line).		Research Insights: - Research Impact Score heavily drives Global Rank ($r=0.88$). - Engineering & Technology accounts for highest annual citation velocity. - North America & Europe generate 65.9% of total global publications.

Dashboard 3 Wireframe: Student Analytics

Deep dive into international student diversity, faculty-to-student ratios, and campus capacity benchmarks.

EduVision DV Student Analytics & Diversity Dashboard	Year: [2024 ▼] Region: [(All) ▼]	View: Student Analytics
KPI Banners: - Global Intl Student %: 28.7% - Median Faculty Ratio: 1:17.3 - Total Student Body: 38.2M - Academic Staff: 2.21M Navigation: ☐ Overview ☐ Research Analytics ☒ Student Analytics ☐ Country Comparison	Main Analytics Panels: 1. International Student Share by Country & Tier (Box & Whisker / Strip Plot) - Highlights distribution of international student ratios across UK (42%), Australia (43%), USA (26%), and Asia (16%). 2. Faculty-to-Student Ratio vs Overall Ranking Score (Scatter Plot with Reference Bands) - Evaluates class intimacy vs institutional prestige. Shows that institutions with ratios below 1:8 dominate the Top 20. 3. Total Enrollment vs International Students (Bubble Treemap) - Visualizes university size (tile size) and internationalization index (color saturation).	Diversity Takeaways: - UK and Australian institutions exhibit the highest international student density (>40%). - Elite institutions maintain faculty ratios under 1:6. - Higher international faculty strongly correlates with international student pull.

Dashboard 4 Wireframe: Country Comparison

Macro-level benchmarking comparing higher education systems across nations, regions, and competitive clusters.

Education DV Country-Level Higher Education Benchmarking		
Year: [2024 ▼] Metric: [Global Ranking Score ▼]		
View: Country Comparison		
Macro KPIs: - Countries Evaluated: 42 - Top Nation: United States - Highest Avg Score: Switzerland (84.1) - Highest Intl %: Australia (42.8%) Navigation: ☐ Overview ☐ Research Analytics ☐ Student Analytics ☒ Country Comparison	Main Analytics Panels: 1. Global Education Excellence Map (Choropleth World Map) - Color-coded by average institutional score per country with institutional count overlays. 2. Country Performance Scoreboard (Top 15 Countries Multi-KPI Bar Table) - Side-by-side comparative ranking: University Count, Avg Overall Score, Top 100 Universities Count, Avg Citations. 3. Regional Performance Radar & Boxplot - Compares North America, Europe, Asia, Oceania, and South America across all 6 core KPIs simultaneously.	Policy Benchmarking: - Switzerland and Singapore lead in average system score. - USA dominates in absolute Top 100 representation (42%). - Asia demonstrates the highest 5-year growth trajectory in research volume.

System Interactivity, Action Filters & Design Tokens

Architectural matrix defining filter scopes, parameter controls, URL routing, and layout guidelines.

Component	Trigger / Scope	Target Sheets / Action	Behavior Description
Year Parameter	Global (All Dashboards)	All KPI Cards, Trends, Rank Tables	Selects reporting year [2020-2024]; shifts YoY comparison baseline automatically.
Region Filter	Global / Dashboard	Country Map, Regional Donut, University Table	Hierarchical cascade: selecting Region updates Country dropdown choices dynamically.
Country Filter	Global / Dashboard	University Table, Scatter Plots, Bar Charts	Filters data down to individual national systems (e.g. USA, UK, Switzerland, Singapore).
Table Row Selection	Dashboard 1 Table	5-Year Score Trend Line	Clicking a university filters the line chart to display that specific institution's trajectory.
Donut Slice Action	Dashboard 1 Donut	Top Universities & Publications Bars	Clicking 'Europe' filters university table and bars to European institutions.
Tab Navigation	Top / Sidebar Buttons	Active Dashboard Viewport	Switches smoothly between Overview, Research, Student, and Country dashboards.

Design Token	Specification / Hex Value	Usage & Typography
Primary Dark Background	#1A0933 / #120A24	Dashboard canvas background and header styling
KPI Card Backgrounds	#2B154A (Overview) / Multi-tinted cards	Card containers with 4px border radius and 1px borders
Accent / Highlight Colors	Teal (#00C9A7), Coral (#FF8066), Gold (#FFC75F)	Bar charts, positive trend indicators, regional color maps
Typography Standards	Segoe UI / Arial / Tableau Book	Headers: 14-18pt Bold; KPIs: 22-26pt Bold; Data labels: 9-10pt Regular
